

This document provides you with the key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

WS Guinness Asian Equity Income Fund (the "Fund"),

a fund within WS Guinness Investment Funds (the "Company")
Waystone Management (UK) Limited is the Authorised Corporate
Director of the Fund.

**Z Large Investor Accumulation GBP shares (ISIN:
GB00BLGT0Q35)**

Objective and Investment Policy

Objective

The Fund aims to provide investors with a combination of both income and capital appreciation over the long term (at least 10 years).

Investment Policy

Under normal market conditions, at least 80% of the Fund will invest directly or indirectly in listed equity securities of companies of any market capitalisation which are incorporated, domiciled or listed in the Asia Pacific region or have the majority of their business in the Asia Pacific region (including emerging markets). Direct or indirect investment in equity securities shall include investment in any proportion in: shares (including those issued by investment trust companies and REITs), securities convertible into shares, depository receipts, collective investment schemes investing in equities (up to 10%) and (up to 5%) warrants.

The Investment Adviser aims to invest in a portfolio of companies which, in the Investment Adviser's opinion, are likely to achieve returns on capital higher than the cost of capital, allowing those companies both to reinvest in the business for growth and to pay a dividend.

The Fund is actively managed and in selecting investments for the Fund, the Investment Adviser will take into account its Baseline Exclusion Criteria (as set out in section 12 of the Prospectus).

To the extent not fully invested in such companies, the Fund may invest in short-dated government bonds in the Asia Pacific region of at least investment grade rating (being bonds which have achieved or exceeded a minimum credit rating awarded by a credit rating agency). For temporary defensive management, the Fund may also hold cash, near cash, money

market instruments, units in money market funds or short-dated government bonds to protect the Fund from adverse market conditions and/or to manage large cash flows; accordingly at these times the Investment Adviser may hold a larger proportion of the Fund in these asset classes and in such circumstances, less than 80% of the Fund may be invested directly or indirectly in listed equity securities.

The Fund will have a concentrated portfolio and will typically hold at least 20 stocks.

Where the Fund invests in collective investment schemes, this may include those managed by the ACD and its associates.

Other features of the Fund:

The Investment Manager uses its expertise to select investments for the Fund and has the discretion to invest without the need to adhere to a particular benchmark.

You can buy and sell shares in the Fund on each business day.

Any income generated from the Fund is reinvested and reflected in the value of your investment.

The Fund may use derivatives to reduce risk or cost or to generate additional capital or income at proportionate risk (known as "Efficient Portfolio Management"). It is intended that the use of derivatives will be limited.

Recommendation: This Fund may not be suitable for investors who plan to withdraw their money within 5 years. More information on the management of this portfolio can be found at www.waystone.com.

Risk and Reward Profile

This indicator shows how much the Fund has risen and fallen in the past, and therefore how much the Fund's returns may have varied. It is a measure of the Fund's volatility. As the Fund has less than 5 years history, this calculation incorporates the volatility of an appropriate benchmark index.

The higher a Fund's past volatility, the higher its position on the scale and the greater the risk that investors may have experienced losses as well as gains.

The Fund has been classed as 5 because its volatility has been measured as above average.

This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund.

The risk and reward profile shown is not guaranteed to remain the same and may change over time.

The lowest number on the scale does not mean that the Fund is risk-free.

The value of investments may go down as well as up in response to general market conditions and the performance of the assets held. Investors may not get back the money which they invested.

- A limited number of investments may be held which has the potential to increase the volatility of performance.
- The Fund invests in emerging markets which may carry more risks than more developed jurisdictions.
- The movements of exchange rates may lead to further changes in the value of investments and the income from them.
- There is a risk that any company providing services such as safe keeping of assets or acting as counterparty to derivatives may become insolvent, which may cause losses to the Fund.

For more information about the Fund's risks, please see the Risk Factors section of the prospectus which is available at www.waystone.com.

Charges for this Fund

The charges you pay are used to cover the costs of running the Fund, including marketing and distribution. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry Charge	None
Exit Charge	None

This is the maximum that might be taken out of your money before it is invested/before the proceeds of your investment are paid out. In some cases, you may pay less. Please check with your financial adviser or distributor for the actual charges.

Charges taken from the Fund over the year

Ongoing Charges	0.61%
-----------------	-------

Charges taken from the Fund under certain specific conditions

Performance Fee	None
-----------------	------

The ongoing charges figure is fixed at 0.61%.

It excludes payments related to interest on borrowing and portfolio transaction costs, except in the case of transaction fees payable to the custodian.

Ongoing charges are deducted from capital which will assist the income yield but may constrain capital growth.

For more information about charges (including any charges applied to the offset dealing costs), please refer to the Company's Prospectus, available at www.waystone.com.

Past Performance

Past performance is not a guide to future performance.

The past performance in the chart is net of tax and charges but excludes any entry or exit charges that may apply.

The Fund was launched on 4 February 2021. This share class was launched on 15 July 2024.

Past performance is calculated in GBP.

Practical Information

WS Guinness Investment Funds
