

This report summarises the conclusions reached by the T. Bailey Fund Services Limited Board of Directors ("TBFS") and the TBFS Fund Governance Committee ("FGC") on whether the TB Guinness Global Equity Income Fund (the "Fund") has delivered value to investors during the period. The framework used by TBFS takes into account seven criteria as outlined below. In order to reach this conclusion, TBFS has analysed Fund information on costs, services and performance and has also made comparisons where appropriate. TBFS has also engaged with Guinness Asset Management Limited, the Investment Adviser and Sponsor of the Fund, as part of the process. This report is a summary of the overall conclusions reached, split by the seven criteria.

The overall assessment for each criteria is shown by the colour of the circle: Green is satisfactory (the Fund is delivering value based on that measure), Amber means some issues have been identified and Red means the Fund is not delivering value based on that measure and action is required to rectify.

The report concludes with an overall assessment of value which takes into account all of the seven criteria.
